All prices as indicated on this condition report are subject to applicable taxes. Please note that the field-based inspection and condition report are based solely on a visual inspection. Any mechanical charges noted as "diagnostic" may also result in further billing. If Toyota Credit Canada Inc. becomes aware of any abnormal wear and tear that could not be detected as part of the field-based inspection (i.e. manipulation or damage to internal engine components) you will remain liable for that abnormal wear and tear.
